

3 REASONS

TO TALK WITH **TECHZONE** *Before* **BUYING A COMPUTER**

To have the tools you need to be successful academically, you need to have your own computer. We will help you choose the one that's right for you, offer great pricing, and provide tech support along the way.

1

PERSONAL RECOMMENDATIONS

TechZone, a university department, is committed to helping you find the right computer for your academic, financial, and lifestyle needs. And our consultations are free! Please stop in or give us a call before you invest in technology—also ask about financial aid or loaner program options.

2

GREAT PRICING

All Redbirds get an academic discount at TechZone. We inventory computers based on performance, longevity, and value. Some required software is free for Illinois State students. Most families find the best prices by waiting until their orientation on campus.

3

ACCESSIBLE SUPPORT

TechZone's Service department holds certifications for the brands we carry, and many repairs happen onsite. You won't have to leave campus to get help for technology problems, big or small. We're here to help!

6 TECHNOLOGY

ADVANTAGES OF BEING A *Redbird*

1

SOFTWARE

Get much of the software you need for no additional charge, including Microsoft 365 (with Word, PowerPoint, Teams) and the full Adobe Creative Cloud Suite. Statistical and research software is provided via our in-person or virtual labs.

4

LEADING EDGE TECHNOLOGY

You will find some of the most innovative technology used in our academic programs and classes—from VR to cybersecurity to game design.

2

WI-FI

Wireless internet connectivity is available across campus for computers and mobile devices, saving your data plan. Connect in residence halls, classrooms and outdoor areas like the Quad.

5

REDBIRD ESPORTS

Recognized as a national leader at the varsity level, our program also includes competitive club and casual gaming opportunities. Anyone can participate!

3

PRINTING

You can bring a printer, but you won't need it. Print stations are available throughout campus and every student gets a free yearly allocation. We have 3D printing spots too!

6

SUPPORT

Keep your technology going with phone support, online chat, residence hall house calls, manufacture-authorized hardware repair, and much more for free or minimal cost.
